

DOGS IN NEED OF SPACE

The policy of the SWCSD is to treat all dogs as Dogs In Need of Space (DINOS)

- All dogs at any Club sponsored Drop-in, seminar, trial or event, will be considered as needing space.
- Handlers are responsible for being aware of their surroundings and must maintain control over their dog at all times.
- Handlers are expected to maintain appropriate distances, at a minimum of six (6) feet, from other dogs to ensure a safe and respectful environment.
- It is important to reinforce this policy at each Club event.
- In the event of an issue, ALL participants involved should take appropriate measures to prevent escalation, regardless of fault, by moving their dog away from the area and maintaining at least the 6 feet minimum distance.
